**Position Title:** Director of Facilities  
**Department:** Administration  
**Reports To:** Executive Director, Finance and Administration  
**Hiring Range:** $78,268 - $85,904

**General Accountability**

The Director of Facilities is accountable for the facility operations and management of the University’s buildings and property, the development and delivery of effective preventative maintenance programs and facility renewal programs, and responsibility for Health and Safety programs.

**Nature and Scope**

St. Jerome’s University provides a culture and environment for employees, which endeavors to promote the mission of the University. Employees contribute to the larger institutional goals and conduct themselves in a manner that fosters the prevailing sense of collegiality among faculty, staff and students.

The Director of Facilities has strength in planning and coordinating a departmental budget and leading a team comprised of internal and external human resources. They also develop and maintain relationships with counterparts on the University of Waterloo’s campus. The Director of Facilities is familiar with, complies with, and at all times, promotes the University’s policies and directives related to facility operations and health and safety. Under the direction of the Executive Director, Finance and Administration, the Director of Facilities consults regularly on all physical resource matters, which relate to the University or its property. They are responsible for all aspects of the Health and Safety program as it relates to facilities management, including compliance with all relevant provincial and federal policies of the Ministry of Labour and Ministry of the Environment.
